# AQUALISA QUARTZ CLASSIC™ DUAL OUTLET CONCEALED

### WITH ADJUSTABLE HEAD AND BATH OVERFLOW FILLER - HP/COMBI

#### TECHNICAL SPECIFICATIONS

Minimum pressure requirements 1 bar   Maximum pressure requirements 7 bar   Aqualias SmartValve" inlet fitting connections 15mm push fit   Valve inlet centres 48mm   Inlet supply positions Hot right, cold left   Aqualisa SmartValve" outlet fitting connection 15mm push fit   Permissible Aqualisa SmartValve" outlet fitting connection 15mm push fit   Supply temperature Cold inlet temperature 1°C (minimum) Cold inlet temperature 1°C (maximum) Hot inlet temperature 1°C (maximum) Hot inlet temperature 5°C (maximum)   Water system HP / Combi / Boosted gravity   Peatures One touch start/stop control   LED display indicates when pre-selected temperature has been reached Compatible with wired remote control   Vii-Fi & App compatible – control your product with your smart phone and smart hom evice e.g., Alexa, Google App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve" Digital diverter technology Digital diverter technology   Digital diverter technology Digital diverter technology Digital diverter technology		
Aqualisa SmartValve" inlet fitting connections 15mm push fit   Valve inlet centres 48mm   Inlet supply positions Hot right, cold left   Aqualisa SmartValve" outlet fitting connection 15mm push fit   Permissible Aqualisa SmartValve" siting location Loft, airing cupboard, under bath   Supply temperature Cold inlet temperature 15°C (maximum) Hot inlet temperature 15°C (maximum)   Water system HP / Combi / Boosted gravity   Water system One touch start/stop control   LED display indicates when pre-selected temperature has been reached Compatible with wired remote control   On installation, you can select the shower outlet you want to start first every time Wi-Fi & App compatible – control your product with your smart phone and smart hom help & support   Aqualisa SmartValve <sup>™</sup> Digital diverter technology Aqualisa SmartValve <sup>™</sup>	Minimum pressure requirements	1 bar
Valve inlet centres 48mm   Inlet supply positions Hot right, cold left   Aqualisa SmartValve" outlet fitting connection 15mm push fit   Permissible Aqualisa SmartValve" siting location Loft, airing cupboard, under bath   Supply temperature Cold inlet temperature 1°C (minimum) Cold inlet temperature 1°C (miximum) Hot inlet temperature 1°C (maximum)   Water system HP / Combi / Boosted gravity   Water system HP / Combi / Boosted gravity   One touch start/stop control LED display indicates when pre-selected temperature has been reached   Compatible with wired remote control On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible - control your product with your smart phone and smart hom device e.g. Alexa, Google App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve <sup>™</sup> Digital diverter technology Digital diverter technology	Maximum pressure requirements	7 bar
Inlet supply positions Hot right, cold left   Aqualisa SmartValve <sup>™</sup> outlet fitting connection 15mm push fit   Permissible Aqualisa SmartValve <sup>™</sup> siting location Loft, airing cupboard, under bath   Supply temperature Cold inlet temperature 1°C (minimum) Cold inlet temperature 5°C (maximum) Hot inlet temperature 65°C (maximum)   Water system HP / Combi / Boosted gravity   Øne touch start/stop control LED display indicates when pre-selected temperature has been reached   Compatible with wired remote control On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google Aqualisa SmartValve <sup>™</sup> Aqualisa SmartValve <sup>™</sup> Digital diverter technology ID5mm, 4 spray patterns (adjustable head) including eco-spray option	Aqualisa SmartValve $\final {M}$ inlet fitting connections	15mm push fit
Aqualisa SmartValve <sup>®</sup> outlet fitting connection 15mm push fit   Permissible Aqualisa SmartValve <sup>®</sup> siting location Loft, airing cupboard, under bath   Supply temperature Cold inlet temperature 1°C (minimum) Cold inlet temperature 65°C (maximum) Hot inlet temperature 65°C (maximum)   Water system HP / Combi / Boosted gravity   One touch start/stop control IED display indicates when pre-selected temperature has been reached   Compatible with wired remote control On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google Aqualisa SmartValve <sup>®</sup> Aqualisa SmartValve <sup>®</sup> Digital diverter technology Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option Including eco-spray option	Valve inlet centres	48mm
Permissible Aqualisa SmartValve <sup>16</sup> siting location Loft, airing cupboard, under bath   Supply temperature Cold inlet temperature 1°C (minimum) Cold inlet temperature 5°C (maximum) Hot inlet temperature 65°C (maximum)   Water system HP / Combi / Boosted gravity   One touch start/stop control IED display indicates when pre-selected temperature has been reached   Compatible with wired remote control On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve <sup>16</sup> Digital diverter technology I05mm, 4 spray patterns (adjustable head) including eco-spray option	Inlet supply positions	Hot right, cold left
Supply temperature Cold inlet temperature 1°C (minimum) Cold inlet temperature 15°C (maximum) Hot inlet temperature 65°C (maximum)   Water system HP / Combi / Boosted gravity   One touch start/stop control IED display indicates when pre-selected temperature has been reached   Compatible with wired remote control On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible - control your product with your smart phone and smart hom device e.g. Alexa, Google App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve <sup>™</sup> Digital diverter technology I05mm, 4 spray patterns (adjustable head) including eco-spray option	Aqualisa SmartValve <sup>™</sup> outlet fitting connection	15mm push fit
Supply temperature Cold inlet temperature 15°C (maximum) Hot inlet temperature 65°C (maximum)   Water system HP / Combi / Boosted gravity   One touch start/stop control IED display indicates when pre-selected temperature has been reached   Compatible with wired remote control On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve <sup>16</sup> Digital diverter technology 105mm, 4 spray patterns (adjustable head) including eco-spray option	Permissible Aqualisa SmartValve <sup>™</sup> siting location	Loft, airing cupboard, under bath
Features One touch start/stop control   LED display indicates when pre-selected temperature has been reached   Compatible with wired remote control   On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google   App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve <sup>™</sup> Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option	Supply temperature	Cold inlet temperature 15°C (maximum)
LED display indicates when pre-selected temperature has been reached   Compatible with wired remote control   On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google   App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve <sup>™</sup> Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option	Water system	HP / Combi / Boosted gravity
Features Compatible with wired remote control   On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google   App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve™   Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option	Features	One touch start/stop control
Features On installation, you can select the shower outlet you want to start first every time   Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google   App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve™   Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option		LED display indicates when pre-selected temperature has been reached
Features Wi-Fi & App compatible – control your product with your smart phone and smart hom device e.g. Alexa, Google   App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve™   Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option		Compatible with wired remote control
device e.g. Alexa, Google   App functions include start/stop, shower timer, user dashboard, usage tracker and help & support   Aqualisa SmartValve™   Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option		On installation, you can select the shower outlet you want to start first every time
help & support   Aqualisa SmartValve™   Digital diverter technology   105mm, 4 spray patterns (adjustable head) including eco-spray option		Wi-Fi & App compatible - control your product with your smart phone and smart home device e.g. Alexa, Google
